

## Street Cheer 2009 Results

Street Cheer Nationals, Fenton Manor, 18th October 2009 - Final results

Sporting Dynamite X-Cite: Mini Peeps team

Placed 2nd

In the Street Games category - this was an amazing performance when you consider that this team has only been together since April with one team member only coming back into the team three weeks ago (way to go Gemma) and not only that they were the first team on in the entire event, "Go Team"

Placed 2nd

In the Community Nationals category - another great performance and even managed to reverse places with the team who beat them in the Street Games category.

Sporting Dynamite X-Treem: Peeps team

Placed 2nd

In the Street Games category - Just like the Mini Peeps this was a magic performance. You wouldn't have known it on the day but 24hrs earlier the squad repeatedly failed to get the chant and on several occasions the three squad members who led the chant failed to speak at all. (If you watch it on video you will realise there are no arm movements, we had to cancel them because the whole squad were struggling to chant and do arm movements at the same time)

Placed 4th

In the Community Nationals category - It might not seem like it but this is another great performance as this category had some very good squads in it. When you bear in mind we struggled with the chant (it actually stopped during the third line) and the beginning of the dance then fourth place is a good result!
