

Quick Question

Who do you think was the most improved cheerleader of 2009?

Before you answer, it's not all about who's the best, it's about who worked the hardest, who tried their heart out, who put in 110%, who is always there, who helps others, who always has a smile on their face, who cheers everyone up, who's a good friend, who's nice to other cheerleaders, who's come a long way since they came to the club, who is everything a Sporting Dynamite Cheerleader should be?

What should we do now? should we have an award? or maybe 2 - What do you think, any ideas, Let Alan know, it's your club, so have your say!
