

## 2010 Cheer Results

The Community Cheerleading Championships, Manchester Velodrome, Saturday 15th May.

Â

Sporting Dynamite Teenies

Placed 11th

Eleventh place out of fifteen is not bad but when you consider that this squad had only danced together for three weeks and once again they were forced to dance in the incorrect category as there simply wasn't enough children under seven years to enter them in the correct category "The Tiny Teenies" where they would have most certainly done better and may possibly have won the category.

Sporting Dynamite Junior A

Placed 2nd

What can you say, second place is fantastic in anybody's book but it could have been so much better.Â On the day the squad just didn't seem to click as they normally do and as a result their timing was out, only slightly but enough to spoil all chances of a first place.Â If only they danced it like they did for their parents two weeks later!

Which ever way you look at it, the results were great and rounded off what was a great day out for all, congratulations to all the cheerleaders, coaches, staff and helpers, we are very proud of you.
